

Tents, caravans and campervans

Tents and caravans are placed on the campsite as indicated on the [overview plan](#).

- **Caravans**¹⁾ are parked in the blue areas parallel with a short side up against the fence and at least 5m to the nearest tent or caravan.
Note: no awning option.
- **Tents** are placed in the green areas and must have a distance of at least 3m to other tents and at least 5m to caravans.
- **Nimbus** and trailers must be parked in the yellow marked areas towards the fire roads.

* **Cars and other motorbikes** should be parked in the car park - outside the venue.

Traffic on the site must be restricted according to the municipality's orders:

* Cars and campers are not allowed to drive on the site between arrival and departure.

* Contact the site manager if your caravan must leave before Sunday.

For everyone's safety - observe minimum distances and keep fire lanes clear!

¹⁾
are encouraged to have gas and carbon monoxide alarms and fire extinguishers installed
